RYAN PALEDI

Application Developer

Lab Assistant

Student

PROFILE

I am a driven and enthusiastic final year student of ICT at the Cape Peninsula University of Technology, specializing in Application Development. I currently serve as a Lab Assistant at CPUT's E-learning department, where I assist students with technical challenges, reinforcing my communication, teamwork, and problem-solving abilities. Passionate about technology and continuous learning, I am eager to bring value to innovative IT teams through a graduate trainee opportunity.

Cape Peninsula University of Technology

2023 - 2025

Information Communication Technology (Application Developer)

07 April 2025

Dear Organisation

Hosting of ICT Work Integrated Learning (WIL) students

Dear Sir or Madam:

As a University of Technology (UoT), The Cape Peninsula University of Technology (CPUT) must implement WIL programmes in all academic departments. The academic Department of Information Technology (IT) provides a WIL programme in the qualifications: Diploma in Information and Communication Technology, during the third and final year of study.

Students are registered for a subject called Project Presentation 3 and are required to pass the subject to graduate. The subject is as follows:

Semester 1:
Work Readiness Training to prepare the students for the industry placement.

Semester 2:
Students are placed in the ICT industry from 01 July to 31 December.
They attend lectures every Monday and work full-time from Tuesday to Friday.
Students need to be released for tests and exams in September and November respectively.

Please be advised that student, RK PALEDI, student number: 230969429 is registered for their Diploma in ICT specialising in Applications Development. It would be highly appreciated if your organisation could host our student/s to assist them in fulfilling the requirements of their qualification. If you have any queries, please contact me.

Kind regards

Prima Inderlal
